RETIRES NEWSLETTER

DECEMBER 5, 2006 - CHATTANOOGA, TENNESSEE AREA - EVERY 1ST MONDAY

Hey Chattanooga Retirees:

Can't believe it is already December and the Christmas holidays are upon us. This year has really flown by fast or it has for us.

It is starting to get cold down here, so that is a good sign that winter is almost here. Well if nothing happens and the good Lord's willing, we will be at the meeting Monday at Wally's. I actually had a doctor's appointment Monday, but I cancelled it. Seems like that is all we do here lately.

But, we have really missed everyone and we are looking forward to coming to Chattanooga and being with our dear friends and family. See Ya'll Soon,

Bill & Lottie

This has been a good year for most of us. We have lost some very good friends, and had a lot of sickness. But, all in all it has been a good year.

Today is our Christmas Lunch. We always look forward to Christmas.

We wish for you and your family a very Merry Christmas!

Looks like Dwight Farmer had the best attendance this year. When we have the drawings each month, we hold back \$3.00 to give the person with the best record. So, that ends up being \$36.00 to Dwight today. Congratulations Dwight.

SPECIAL PRAYER

I talked to Barbara Greeson (Don Greeson's wife). Don is a retired City Driver. He is not doing too good. He went to his Dr. last Wednesday and the report was not good. The Dr. told him he was a very sick man. And he had 2 choices, 1. go to the hospital, 2. go home with Hospice care. He chose to go home. The Dr. went so far as to tell him he had about 6 months. His blood pressure keeps dropping. His heart is the biggest problem, and he also has a lot of other problems. lease place Don and Barbara on your prayer list. If you would like to call them or send him a card the info is below.

David Grisham is feeling fair. He has started his Chemo treatments. He said today it hasn't bothered him yet. He will start losing his hair real soon. He has to go again for another treatment in about 2 weeks. The Dr. told him he had about 6 months. He also has been having a lot of stomach problems. The Dr gave him some Medication to try to help with that. He is hoping it will help. Keep David and Louise in your prayers. Their Info is below:
