Gray Humor

A little girl is sitting watching her mother do dishes at the kitchen sink. Suddenly she notices that her mother has several strands of white hair sticking out in contrast to her brunette hair. She asks, "Why are some of your hairs white, Mom?"

Her mother replied, " Well, every time a little girl does something wrong and makes her mommy cry or makes her unhappy, one of her hairs turns white."

The little girl thought about this for a while and said, "You must have really aggravated Grandma."

Hey Everyone,

We hope all of ya'll in Chattanooga are well and doing great and looking forward once again to the approaching holidays. Time just seems to pass by so fast, or it has for us this year. Thank the Lord things seem to be better now that Bill's foot doctor has released him, so to speak. He still has to go back on the 22nd to be checked and get his usual things to his feet done. He still doesn't on a daily basis wear both matching shoes but just a short time each day, but, he is better in that respect.

Thank of ya'll for the calls and the prayers. We appreciate them so much. If it is the Lord's willing and the creek don't rise, we will leave Sunday morning early and come to Chattanooga, so we will be able to attend the luncheon and get to see all of you. We sure have missed coming up to the meetings and getting to see everyone. So we are excited.

May God richly bless everyone and we hope that too everyone has a very Merry Christmas

(Jesus is the reason) and a very prosperous New Year.

Love, Bill & Lottie Watts
